Please look at your entries and make sure they are correct. I do not have any way of checking your dog's level or UKI numbers, so it is up to you to ensure you are entered in the correct level and that our UKI number and dog's UKI number are correct.

An asterisk (\*) following your dog's name in your UKI account indicates the dog has a permanent measurement with UKI. I will have measuring forms if needed.

**Measuring Dogs** - Please ensure you understand the new criteria regarding dogs being measured. [UKI Rule Book edition 10](#). If a dog is under 3 and newly registered, a temporary measure or proof of the dog's height must be done by the dog's 3<sup>rd</sup> trial. A permanent measure must be obtained by a UKI official measurer between 12-18 months after the dog's first/ temporary measure. Any registered dog that only has a temporary measure, must follow the above rule. If a newly registered dog is over 3, they must obtain a measure by an official UKI measurer by their 3<sup>rd</sup> trial and this measurement will be permanent.
